## CONSTRUCTION PERMIT

Permission is Hereby Granted to:

Mr. W. Carroll Norman  
Route 3, Box 76  
Clover, South Carolina 29710

for the construction of a potable water source, treatment and/or distribution system in accordance with plans, specifications and design calculations dated January 26, 1982, by William H. Armstrong, P.E., S. C. Registration No.: 8384.

### PROJECT DESCRIPTION:

Pine Haven Subdivision, constructions of a 6" well and approximately 1910 L.F. of 3" PVC water main, York County.

### SPECIAL CONDITIONS:

(Conditions attached)

Permit Number: 204682

Date: February 16, 1982

EXPIRATION DATE: Unless construction is initiated prior to February 16, 1983, it will be necessary to reapply since this permit will no longer be valid.

This is a permit for construction only and does not constitute State Department of Health and Environmental Control approval, temporary or otherwise, to place this system in operation.

cc: Mr. William H. Armstrong, P.E.  
Mr. Al Williams, Dist. Director  
Mr. K. Larry Baker, Dist. San. Director  
York County Health Department

SPECIAL CONDITIONS FOR CONSTRUCTION PERMIT #204682

1. The chemical, physical, and bacteriological quality of the water must meet EPA primary and secondary standards or treatment may be required. The water from this well will be analyzed for radiological quality by DHEC. At the end of one (1) year from the first radiological sampling, a final determination on the acceptability of this well from the standpoint of radiological quality, will be made. The owner will be notified in writing of that determination.
2. The final determination of the maximum number of taps to be served by this system will be based on the well pump capacity and storage.
3. Copies of all drillers records, logs, yield and drawdown test results must be submitted prior to final inspection.
4. The project time schedule as addressed in the Engineering Report is hereby approved.

Re: Pine Haven Subdivision  
# 546037, York County

Dear Mr. Norman:

An inspection of your water system was conducted on April 5, 1985, by personnel of this office. At this time your system meets the minimum standards set forth by the State of South Carolina for a public water system.

Your continued cooperation in maintaining this system is greatly appreciated.

If you have any questions, or if you need assistance, please contact this office at 285-7461.

Sincerely,

As evidenced by certifications from Campco Engineering in 1983, issuance of a "Permit to Operate" dated November 4, 1983 by the South Carolina Department of Health and Environmental Control, (SCDHEC) and continued inspections by SCDHEC the water system that serves Pine Haven Subdivision was constructed in accordance with the SCDHEC "Permit to Construct" dated February 16, 1982. To the best of my information and belief, the water system that serves Pine Haven Subdivision was constructed in substantial agreement with the construction plans on file with SCDHEC.

Should you have any questions or need any additional information, please feel free to contact me.

Dear Sir,

A sanitary survey of the drinking water system serving the above referenced site was conducted recently and a copy of the survey report is enclosed for your records. The overall rating for the system is **Satisfactory**. It is necessary that you retain a copy of this report for a period of not less than ten years and make it available to DHEC or the public upon request.

Please continue to keep detailed weekly records of the checks performed on the system. The logs should continue to reflect all visits and repairs performed on the system. The system should review the procedure manual annually to be sure all contact information is correct and make any needed modifications necessary to best reflect the actual procedures used on the system. All records should be made available for surveys.

I will be happy to meet with you to discuss this agency's requirements for a public water system. Please let me know if you have any questions or if I can be of further assistance. Thank you for your cooperation.

Sincerely,
